FOR TAX HELP  
STARTING  
Feb 3rd—April 15th  
Wednesday and Thursday**

## "ADOPT A BOOK"

The 7th annual Adopt-A-Book project was the best ever! Over 40 wonderful, new books were adopted after only 2 weeks. The program was so popular this year, that we needed to increase the number of books to choose from. After the holidays, the new books were added to the library collection. A HUGE thank you to those who participated. Another big thank you to Girl Scout Troop #3455 at St. Peter's School for decorating the Adopt-A-Book certificate envelopes. Great job girls! Watch for the 8th annual Adopt-A-Book program next year.

## "BACKPACK BUDDIES"

One of the most popular items in our children's collection is our Backpack Buddies. Child-sized backpacks (loaded with themed books, games, audio-visuals, and a toy) are perfect for our pint-sized patrons to wear out of the library. What started as just a small project of only 3-4 backpacks, has now grown to approx. 30. Our local Kiwanis Club of Northern Winnebago County has donated funds to increase our supply. These fun packs are in high demand, - you can usually find only a few hanging on their special rack. Come in and check one out.

## Computer Classes

Call the library or stop by the front desk for more information about ongoing computer classes at the library. Monday & Saturday AM.
